Course name: Strategies for College Success
Course number: 1334.N000.X. Dual Credit

Length of course:	One semester
Grade level:	10-12
Prerequisites or approval required:	Must complete an application. Applications (red folders) are located in the College and Career Center – room 133. Must meet requirements for entering the program. Must be advised and then register for the course online. See Mrs. Uhler or Mrs. Mason in the College and Career Center for more information.

Short description of topics and/or key concepts covered in the course:

This course is an introduction to college-level student strategies for effective learning by study of 1) research and theory in the psychology of learning, cognition, and motivation, 2) factors that impact learning, and 3) application of learning strategies.

Students learn to identify their own strengths and weaknesses. Ultimately, students are expected to integrate and apply the learning skills discussed across their own academic programs and become effective and efficient learners.

The purpose of this course is to provide all interested students with an opportunity to learn and adopt the knowledge, skills, motivation and behaviors that will enhance their success in learning and in life.

Assessments to expect per 6-weeks:

This is a college course graded on a 16-week term. Assessments include a journal, career/major planning, a learning profile paper, a self-change project/ paper, and unit tests. Regular attendance and active participation are required.

Average time required for homework, study, and/or practice per week:

This is a college course. Therefore, you should be prepared to spend approximately 4-8 hours outside of class preparing for the class.

Summer reading/practice requirements:

N/A
