OnRamps Process

- 1. Students are enrolled in a yearlong course taught by their high school teacher for high school credit.
- 2. During the fall semester OnRamps students must complete a series of required assignments, which are designated by an Instructor of Record at The University of Texas at Austin. Students must earn a grade that would be equivalent to UT Austin credit or better on the required assignments to be eligible to be dually enrolled in the university course offered during the spring semester.
- 3. During the Spring semester OnRamps students must complete a series of additional required assignments that are designated by the university's Instructor of Record to determine successful completion of the college course.
- 4. The university's Instructor of Record will award students the appropriate grade based on their performance for the college course. The high school teacher will separately award credit for the grade earned in the high school course, which may differ from that for the college course.

Grade Reporting

- While parents may communicate with the high school instructor about students' high school grades, the university Instructor of Record may not communicate with parents regarding students' college grades.
- Under the Family Educational Rights and Privacy Act (FERPA), rights belong to the parents with respect to high school records and belong to the student with respect to post-secondary records—regardless of the student's age.
- The University Instructors of Record will make every attempt to communicate with and through the student, as this is an important maturation point for college students.

OnRamps Courses @ Anderson for 2019-2020 school year [TCCN = Texas Common Course Number, www.tccns.org]

- OnRamps English IV = RHE 306 (fall semester) & RHE 309K (Spring semester) [TCCN = ENGL 1301 & ENGL 1302]
- OnRamps US History = HIS 315K (fall semester) & HIS 315L (Spring semester) [TCCN = HIST 1301 & HIST 1302]
- OnRamps Statistics = SDS 302 [TCCN = N/A]
- OnRamps Physics 1 = PHY 302K [TCCN = PHYS 1301]
- OnRamps Physics 2 = PHY 302L [TCCN = PHYS 1302]
- Fundamentals of Computer Science = CS 302 (for non-CS majors) [TCCN = N/A]
